INTERIM UPDATE REPORT: PROPOSED APPROACH

The National Neurodevelopmental Specification Implementation Review committed Scottish Government and COSLA to provide an interim update report on progress against delivery of the actions arising from the review.

This paper proposes an approach to the interim report for discussion with the Taskforce.

The Taskforce is asked to:

- Provide views on the proposed approach to the interim update report.
- Highlight key areas of progress and learning to be reflected in the report.
- Comment on any significant challenges, opportunities or priorities for the next phase of work that should be highlighted in the report.

(Redacted Section 30(b)(ii) – free and frank exchange of views for the purposes of deliberation)
